Full-stack developer trained at ISDI Coders. My journey, which spans various experiences, has equipped me with problem-solving skills. I'm well-versed in the MERN stack and prioritize writing clean code, following SOLID principles and testing. I have a keen interest in exploring emerging technologies, learning about them, and striving to integrate them into new projects.

LANGUAGES

- Spanish:** native
- Catalan:** native
- English:** fluent
- Japanese:** basic (Noken 5)

IT EDUCATION

CFGS Web App Development

IOC
2022 - Ongoing
